* Clients are expected to attend each scheduled session on time. A cancelled or delayed appointment delays appropriate treatment and can negatively impact other clients. The allotted time includes time spent undressing/dressing, and any paperwork or account procedures.

Since your appointments involve the reservation of time specifically for you, and out of respect for your therapist and my other clients, a minimum of 24 hours' notice is required for rescheduling or cancelling an appointment and any cancellations with less than 24 hours notice will be charged in full.
